Honorable Village Council Village of Almont Lapeer County, Michigan

Independent Auditor's Report

I have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Almont, Michigan as of and for the year ended June 30, 2006, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Village of Almont, Michigan's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that the audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Almont, Michigan as of June 30, 2006 and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, and the budgetary comparison schedules, as identified in the table of contents, are not a required part of the basic financial statements but are supplemental information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplemental information. However, I did not audit the information and express no opinion on it.

The Audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Almont, Michigan's basic financial statements. The accompanying other supplemental information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The other supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As described in Note 1, the Village has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and related statements, as of July 1, 2003.

Management's Discussion & Analysis Letter For The Year Ended June 30, 2006

Management's Discussion & Analysis

This discussion of the Village of Almont financial performance provides an overview of the Village's financial activities for the fiscal year ended June 30, 2006. Please read it in conjunction with the Village's financial statements.

Using this Annual Report

The Village's General fund unreserved/undesignated amount was decreased from \$275,441.10 to \$257,171.72 compared to last year. This is a minimal 6% decrease of the general fund. However, the general fund has experienced improvement over the past fiscal years of 2003-2005.

The Village saw no reduction in State revenue sharing this year. Overall capital and operating costs were kept to minimum. The local street fund was used to cap / overlay Kay Court, Cheryl Drive, Almont Ave. (800') Westwinds (skip patch). The total cost of paving for 2005-06 was \$34,651.

Construction was completed on the Urban Pocket Park on the southwest corner of M-53 and West St. Clair. The park was done in time for Homecoming 2005 and the Village's 150th Anniversary jointly held the second weekend in August.

The construction of infrastructure for the 112 lot Drakeshire Subdivision was completed and a model home started this year. Drakeshire subdivision is located east of Kidder Road and north of Hough Road.

Both the Water and Sewer funds will need rate increases in 2006 to support increased operating costs.

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. Individual fund financial statements tell how these services were financed in the short term, as well as what remains for the future spending. Fund financial statements also report the Village's operation in more detail than the government wide financial statements.

Management's Discussion & Analysis Letter For The Year Ended June 30, 2006

The Village as a Whole

The following table shows in a condensed format, the net assets as of the current date and compared to the prior year's net assets. Comparative data is not available for assets and liabilities due to the change in accounting formats for the fiscal year ending June 30, 2006 (see note one in the notes to the financial statements).

| | Governmental Activities | | | | | Business-T | ype Ac | tivities | Total | | | | | | | | |

| Net of Related Debt | | 525,449 | | 223,896 | | 5,580,705 | | 5,677,525 | | 6,106,154 | | 5,901,421 | | | | | |
| Restricted | | 732,617 | | 786,245 | | - | | - | | 732,617 | | 786,245 | | | | | |
| Unrestricited | | 1,051,973 | | 997,344 | | 226,904 | | 263,127 | | 1,278,877 | | 1,260,471 | | | | | |
| Total Net Assets | \$ | 2,310,039 | \$ | 2,007,485 | \$ | 5,807,609 | \$ | 5,940,652 | \$ | 8,117,648 | \$ | 7,948,137 | | | | | |

The Village's combined net assets increased 2.13% from \$7,948,137 to \$8,117,649. As we look at the governmental activities separately from the business type (water & sewer) we can see that the governmental activities experienced an increase of approximately \$302,555 during the year (a 13.10% increase). The business-type activities (water & sewer) experienced a \$133,043 decrease in net assets, due to the completion of the equalization basin at the Waste Water Treatment Plant.

The following notes to the financial statements are an integral part of the Village's Comprehensive Annual Financial Report.

1. Summary of Significant Accounting Policies

Financial Reporting Entity

The Village of Almont was incorporated under the laws of the State of Michigan in 1855 and has operated since 1968 under a Homerule Village-Council Manager form of government. As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the Village (the primary government) and its component units. The component units discussed below are included in the Village reporting entity because of the significance of their operational or financial relationships with the Village.

Component Units - In conformity with generally accepted accounting principles, the financial statements of component units have been included in the financial reporting entity either as blended component units or discretely presented component units.

Blended Component Units - The Downtown Development Authority (DDA) of the Village of Almont, an entity legally separate from the Village, is governed by an eleven-member Council appointed by the Village Council. For financial reporting purposes, the DDA is reported as if it were part of the Village's operations because its purpose is to finance and provide assistance to businesses and citizens within the DDA District of the Village.

Government-wide and Fund Statements Fund

The Government-wide Financial Statements (i.e., the Statement of Net Assets (Deficit) and the Statement of Activities) report information on all the nonfiduciary activities of the Village (the primary government). The effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function (governmental activities) or identifiable activity (business-type activities) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Taxes and other revenue items properly excluded from program revenues are reported as general revenue.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the Government-wide Financial Statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

General Fund - The General Fund is the Village's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Major Streets Fund – The Major Streets Fund accounts for maintenance and improvement activities for streets designated as "major" within the Village. Funding is provided primarily through State-shared gas and weight taxes.

Notes to the Financial Statements For The Year Ended June 30, 2006

1. Summary of Significant Accounting Policies - Continued

Downtown Development Authority Fund (a Special Revenue Fund type) – The Downtown Development Authority's purpose is to finance and provide assistance to businesses and citizens within the DDA District of the Village.

Waste Water Debt Service Fund - The fund accounts for all debt payments made regarding the bond for the Lapeer County Wastewater Treatment System originally issued February 1, 1993.

Water System Improvement Debt Service Fund - The fund accounts for all debt payments made regarding the improvement bond for the Village of Almont Water Supply System originally issued May 1, 1996.

W.W.T.P. Improvement Project Debt Service Fund - The fund accounts for all debt payments made regarding the improvement project for the Lapeer County Sewage Disposal Bonds originally issued February 5, 2002.

W.W.T.P. Improvement Project Fund - The fund accounts for construction of the W.W.T.P. Improvement Project. Funding is provided primarily from grant proceeds.

The Village reports the following major Enterprise Funds & Internal Service Fund:

Water Fund - The Water Fund accounts for the activities of the water distribution system. Funding is provided primarily through user charges.

Sewer Fund - The Sewer Fund accounts for the activities of the sewage disposal system. Fund is provided primarily through user charges.

Equipment Fund (Internal Service Fund) – This fund was established to account for the financing of goods or services provided by one department to other departments of the Village on a cost-reimbursement basis.

Additionally, the Village reports the following fund types:

Agency Funds - The Agency Funds account for assets held by the Village in a trustee capacity or as an agent for individuals, organizations, or other governments.

Measurement Focus and Basis of Accounting

The Government-wide Financial Statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period, generally collected within 60 days of the end of the current fiscal period. Revenues susceptible to accrual include property taxes, intergovernmental revenues, special assessments, licenses, charges for services, and interest. All other revenue items are considered to be available only when cash is received by the Village. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, and claims and judgments are recorded only when payment is due.

Notes to the Financial Statements For The Year Ended June 30, 2006

1. Summary of Significant Accounting Policies - Continued

Cash - The Village does not pool cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing securities and disclosed as part of the Village's investments.

Investments - Debt securities are valued at cost since it is generally the policy of the Village to hold such investments until they mature.

Due to and Due from Other Funds - Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances."

Property Tax Revenues - Property taxes are levied on December 1 based on the assessed value of property as listed on the previous December 31. Assessed values are an approximation of market value. A revaluation of all real property must be made every year.

Vacation, Sick Leave, & Other Compensated Absences - Vacation days are earned by employees at a rate from 10 to 25 days per year with unused days at year-end being forfeited. Sick days are earned by employees at a rate of one day per month during the year. A maximum of 30 unused sick days may be accumulated by an employee. No provision has been made for accumulated sick pay liability since the amount is immaterial to the financial statements taken as a whole.

Inventories and Prepaid Items - Inventories are valued at cost, on a first-in, first-out basis. Inventories of governmental funds are recorded as expenditures when purchased. Inventories and supplies held by the Water Fund and the Sewer Fund, which are immaterial in amount, have not been recognized. Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid items in both Government-wide and Fund Financial Statements.

Capital Assets - Capital assets, which include buildings and equipment, are reported in the applicable governmental column in the Government-wide Financial Statements. Capital assets are defined by the Village as assets with an initial individual cost of more than \$1000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Capital assets are depreciated using the straight-line method over the following useful lives:

| Infrastructure | 40 years |
|------------------------------------|----------------|
| Water & Sewer Distribution Systems | 20 to 75 years |
| Buildings & Building Improvements | 20 to 40 years |
| Machinery & Equipment | 3 to 10 years |

Notes to the Financial Statements For The Year Ended June 30, 2006

Long-Term Obligations - In the Government-wide Financial Statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund statement of net assets. Bond premiums and discounts, issuance costs, and the deferred amount on refunding are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount and deferred amount on refunding. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt service expenditures.

Fund Equity - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Accounting Changes

GASB Statement No. 34 – Effective July 1, 2003, the Village implemented the provisions of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* (GASB No. 34). Changes to the Village's financial statements as a result of GASB No. 34 are as follows:

- A management's discussion and analysis (MD&A) section providing analysis of the Village's overall financial position and results of operations has been included.
- Government-wide Financial Statements (statement of net assets (deficit) and statement of activities) prepared using full accrual accounting for all of the Village's activities have been provided.
- Capital assets in the governmental activities column of the statement of net assets (deficit) includes assets not previously accounted for by the Village as well as assets previously reported in the General Fixed Assets Account Group. In addition, the governmental activities column includes bonds and other long-term obligations previously reported in the General Long-term Debt Account Group.
- The fund financial statements focus on major funds rather than fund types.

Notes to the Financial Statements For The Year Ended June 30, 2006

2. Stewardship, Compliance, and Accountability

Budgetary Information

The Village is legally subject to the budgetary control requirements of State of Michigan P.A. 621 of 1978 (the Uniform Budgeting Act). The following statements represent a brief synopsis of the major provisions of this Act:

1. Budgets must be adopted for the General Fund and Special Revenue Funds, Debt Service Funds, and Capital Project Funds.

2. The budgets must be balanced. The balanced budget may include a contribution to or appropriation from fund balance.

- 3. The budgets must be amended when necessary.
- 4. Debt cannot be entered into unless permitted by law.
- 5. Expenditures cannot exceed budget appropriations.
- 6. Expenditures cannot be made unless authorized in the budget.
- 7. Public hearings must be held before budget adoptions.

In the body of the financial statements, the Village actual expenditures and budgeted expenditures for the budgetary funds have been shown on a functional basis. The budget is used by the Village Council as a management tool during the year for all budgetary funds. The budgets are adopted on a cash basis, which is not consistent with generally accepted accounting principles. Budgetary control is exercised at the departmental level. Budgets for the General Fund and the major Special Revenue Funds, Debt Service Funds, and Capital Project Funds are presented in the required supplemental information.

During the year ended June 30, 2006, the Village incurred expenditures in certain budgetary funds which were in excess of the amounts appropriated, as follows:

| | App | Total Appropriations | | Amount of Expenditures | | Budget ′ariance |
|------------------------------------|-----|-------------------------|----|---------------------------|----|--------------------|
| General Fund | | | | | | |
| Executive | \$ | 72,849 | \$ | 75,162 | \$ | 2,313 |
| General Administration | | 128,071 | | 130,195 | | 2,124 |
| Planning & Zoning | | 158,554 | | 160,279 | | 1,725 |
| Department of Public Works | | 123,432 | | 147,516 | | 24,084 |
| Street Lighting | | 20,000 | | 27,492 | | 7,492 |

| Transfer Out | | - | | 534,242 | | 534,242 |

Notes to the Financial Statements For The Year Ended June 30, 2006

3. Cash and Investments

Michigan Compiled Laws, Section 129.91, authorizes the Local Unit to deposit and invest in the accounts of Federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or Federal agency obligation repurchase agreements; bankers' acceptance of United States banks; commercial paper rated by two standard rating agencies within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The Village Council has designated three banks for the deposit of Village funds. The investment policy adopted by the council is in accordance with Public Act 196 of 1997. The Council has authorized investment in bank accounts and CDs, but not the remainder of State statutory authority as listed above. All cash deposits and investments of the Village are held by the Village in the Village's name.

At year end, the deposits and investments were reported in the basic financial statements in the following categories:

| | overnmental Activities | Business-type Activities | | | | | Total Primary Government | | |
|-------------------------|-------------------------------|-----------------------------|---------|----|--------|----|--------------------------------|--|--|
| Cash & Cash Equivalents | \$ 1,680,613 | \$ | 156,437 | \$ | 19,247 | \$ | 1,856,297 | | |

The breakdown between deposits and investments is as follows:

| | | Primary | | |
|--|----|-----------|--|--|
| | G | overnment | | |
| Bank Deposits (Checking & Savings Accounts, CDs) | \$ | 1,856,297 | | |

The bank balance of the primary government's deposits is \$1,856,297, of which \$300,000 is covered by federal depository insurance and \$-0- is collateralized with U.S. Treasury securities held by the pledging financial institution's trust department in the Village's name.

The GASB Statement 3 risk disclosures for the Local Unit's investments are as follows:

| | | Category | | | | | |
|-------------|---------|----------|---------|---------|--|--|--|
| | (1) | (2) | (3) | Value | | | |
| Investments | \$ NONE | \$ NONE | \$ NONE | \$ NONE | | | |

The cash and investments that are represented by specific identifiable investment securities are classified as to credit risk by the three categories described below:

| Category 1 | Insured or registered, or securities held by the Village or its agent in the Village's name. |
|------------|--|
| Category 2 | Uninsured and unregistered, with securities held by the counterparty's trust department or agent |
| | in the Village's name. |
| Category 3 | Uninsured and unregistered, with securities held by the counterparty, or by its trust department |
| | or agent but not in the Village's name. |

Notes to the Financial Statements For The Year Ended June 30, 2006

4. Capital Assets

Capital Assets activity of the Village's governmental activities (and business-type) was as follows:

| | J | Balance uly 1, 2005 | Additions | sposals & justments | J | Balance me 30, 2006 |
|--|----|---------------------------------------|-----------------|------------------------|----|------------------------|
| Governmental Activities: | | , , , , , , , , , , , , , , , , , , , | | | | |

| water Distribution System | | 2,412,205 | 20,917 | | | 2,439,122 |
| Total Capital Assets being Depreciated | | 10,382,049 | 26,917 | - | | 10,408,966 |
| Accumulated Depreciation: | | | | | | |
| Sewage Treatment Plant | | 1,827,949 | 158,381 | - | | 1,986,330 |
| Water Distribution System | | 715,664 | 47,739 | - | | 763,403 |
| Total Accumulated Depreciation | | 2,543,613 | 206,120 | | | 2,749,733 |
| Net Capital Assets | \$ | 7,838,536 | \$ (179,203) | \$ - | \$ | 7,659,333 |

Depreciation expense was charged to programs of the primary government as follows:

| Governmental Activities: | |
|--------------------------------|---------------|
| General Government | \$ 57,003 |
| Public Safety | 3,066 |
| Public Works | 36,147 |
| Total Governmental Activities | \$ 96,216 |
| Business-type Activities: | |
| Sewer Fund | \$ 158,381 |
| Water Fund | 47,739 |
| Total Business-type Activities | \$ 206,120 |
| | |

Notes to the Financial Statements For The Year Ended June 30, 2006

5. Interfund Receivables, Payables, & Transfers

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "Due from other funds" or "Due to other funds" on the balance sheet. The amounts of interfund receivables and payables are as follows:

| | ue From 1er Funds | | Due To Other Funds |
|------------------------|--------------------------|--------------|-----------------------|
| Trust & Agency | \$ 95 | General Fund | \$ 95 |
| General Fund | 30,054 | Sewer Fund | 30,054 |
| Waste Water Plant Fund | 5,072 | Sewer Fund | 5,072 |
| Major Street Fund | 1,000 | General Fund | 1,000 |
| DDA | 3,858 | General Fund | 3,858 |
| Equipment Fund | 50,000 | General Fund | 50,000 |
| Total | \$ 90,079 | | \$ 90,079 |

Interfund Transfers reported in the Fund Statements are as follows:

| | Tı | ansferred From | | Ті | ransferred To |
|-------------------------------|----|-------------------|---------------------------|----|------------------|
| Major Street Fund | \$ | 27,818 | Local Street Fund | \$ | 27,818 |

Notes to the Financial Statements For The Year Ended June 30, 2006

8. Retirement System - MERS Operated

The Village of Almont participated in the Michigan Municipal Employees Retirement System (MERS) which is an agent multiple-employer public employee retirements system (PERS) that is administered by the State of Michigan. The MERS was organized pursuant to Act No. 427, Public Acts of 1984, as amended, and the constitution of the State of Michigan. The Village has no fiduciary responsibility for the plan.

All full time employees of the Village (other than the Village Manager, Clerk, Police Chief and office employees who are covered by a simplified employee plan) are eligible to participate in the plan immediately upon employment. As of June 30, 2006, the Village had 15 covered employees. Covered payroll for the year then ended was \$674,168.

The plan provides for vesting of benefits after 10 years of service. Participants may elect normal retirement at age 60 with 10 or more years of service. The plan also provides for early retirement of police officers at age 55 with 25 years or more of service.

Election of early retirement is subject to reduction of benefits as outlined below. Participants are entitled to a retirement benefit equal to the credited service at the time of membership termination multiplied by the sum of 1.5% of their 5-year final average compensation (F.A.C.). The retirement allowance is reduced 1/2% of 1% for each complete month that retirement precedes the age at which full normal retirement benefits are available. The Village contributes the necessary amounts to fund the actuarial determined benefits. The Village makes employer contributions in accordance with funding requirements determined by MERS' actuary. The MERS' actuary uses an attained age actuarial funding method. During the year ended June 30, 2006, \$41,796 of Village contributions were made. Employees also contribute to the plan. Benefit provisions and contributions obligations have been established by the Village Council.

As of December 31, 2003, the most recent actuarial report, the actuarial determined unfunded accrued liabilities was in the amount of \$178,680. The non-funded accrued liability is being financed over a period of 32 years.

The simplified employee plan (SEP-IRA) provides annual contributions to each employee SEP-IRA of 5-7% of annual compensation. The SEP-IRA retirement contributions are 100% vested. Total SEP-IRA contributions for the fiscal year ending June 30, 2006, were \$11,277.

9. Deficit Fund Balance or Retained Earnings Balances of Individual Funds

Local Street Fund

(\$1,160)

10. Risk Management

The Village is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical and workman's compensation benefits provided to employees. The Village has purchased commercial insurance for the various risks of loss stated above.

Settled claims for the commercial insurance have not exceeded the amount of coverage in any of the past three years. There was no reduction in coverage's obtained through commercial insurance during the past year.
